

Dear students,

Next task in English is a new challenge! You need to record a **VIDEO of yourself**. In your video you have to tell everybody what's your life like during the **coronavirus lockdown period**. Follow these instructions:

- Your videos must be **at least 2 minutes long**.
- You can use your mobile phone, tablet or camera to record it.
- Here you have some questions to help you:
  - What activities do you do these days?
  - What is your daily routine?
  - Do you do any school work? Explain.
  - Do you do any physical exercise? Explain.
  - Do you play any games with your family? Explain.
  - How do you help at home?
  - What is your favourite thing to do? Why?
  - What / Who do you miss?
  - Say one positive and one negative thing about the coronavirus lockdown.

**IMPORTANT:** Remember to **write down your ideas** and **practise speaking** (2 minutes minimum) **before recording your final version**.

- Upload your final video to Google Classroom (task 3) **before 17th April**.

Remember you can use these questions to help you but you can also tell us anything else you like. Try to be creative and original. We will appreciate that!

And don't forget to include a positive message like: #everythingwillbefine  
#stayhomesaveslives

Take care and stay at home! We miss you!

Marta and Meritxell
